Courses will be customised to suit students needs. There is also an aviation club based at Kāpiti College which offers Kiwi and international students an opportunity to focus on theory.

## Kāpiti International Rugby Academy

**(KIRA)** International students can study at Kāpiti College and join our rugby academy. The academy director and head coach, James Porter, will develop an individualised programme which will include: rugby skills development, a gym programme, nutrition and personal one on one coaching. Coach Robinson has strong links to Las Vegas and regularly takes teams there to compete against American teams in front of college coaches.

## Tertiary Academic Success

Jimmy Zeng came to Kāpiti College for one year only - his year 13. He was so successful that he was offered a place in the second year of his initial degree. He has since completed a BSc Hons and was then offered a two year PhD Scholarship at Otago. He has completed his doctorate and graduated recently.

The major reason he was so successful was because of the style of teaching provided in New Zealand. Students are encouraged to think for themselves. Jimmy found this teaching style to suit him.

Jimmy is happy to discuss Kāpiti College with anyone that is interested. His email address is [jzeng953@gmail.com](mailto:jzeng953@gmail.com)
