WHY NEW BRUNSWICK?

Located on the **ATLANTIC COAST IN EASTERN CANADA**, we're the largest of Canada's East Coast Provinces. Known for its wide-open spaces, fresh air, magnificent wilderness landscapes and ocean vistas, New Brunswick boasts a rich mix of traditions and cultures, as well as lively urban centres. It is also recognized for its safe communities and the outstanding hospitality of its people.

The **FOUR SEASONS** offer a rich panorama of color and change. Outdoor and indoor activities to satisfy every interest can be experienced, including: skiing, hiking, swimming, cycling, snowshoeing, whale watching, fishing, golfing, theatre, music & film festivals, and numerous community events.

Being Canada's only officially **BILINGUAL PROVINCE**, we've built a dynamic world class reputation for language learning. Visiting students immerse themselves in meaningful language and cultural experiences that reflect the diversity and open-mindedness of Canadian life.

CHOICE, QUALITY & TECHNOLOGY

The New Brunswick International Student Program attracts students from all points of the globe with an impressive variety of programs backed by a technologically advanced education system.

The cost of living is lower than most other areas of the country, and tuition fees are competitive without sacrificing quality of education. We also have the best high school graduation rate in Canada.

Visiting students can choose from a well-rounded spectrum of academic and extra-curricular activities that include music and drama festivals, intramural and varsity sports, science and mathematics competitions, and cultural fairs.

SAFE AND CARING

HOST FAMILIES from around the province welcome students from abroad into their homes - not as foreign students, but as members of their families - and surround them with a safe, caring, and supportive environment.

Our **HOMESTAY COORDINATORS** carefully screen host families to ensure a perfect fit in homes where students will engage in family activities and develop lifetime relationships. The coordinators are always on hand with support to both the student and family, and take an active role in the students' academic and social lives.
